Re: Gateway Disclosure 98-1170

Dear Sean:

I have revised your draft of this application considerably. It is saved on the enclosed diskette, with MS Word revision marks in one file, and with accepted revisions in another file. I have reviewed my revision with the inventor, and he approves.

Please send final papers with the revised draft for execution by the inventor posthaste.

Thanks!

Very truly yours,

Anthony Claiborne

enc. Diskette
